

Our 5-Year Vision

“Live the Faith, Share God’s Love”

By God’s grace and the power of the Holy Spirit, we seek to glorify God by exalting our Lord and Savior, Jesus Christ. As each person grows to be more like Him, we will be a congregation that is both a *Community to Belong* and a *Place to Become* as we invite people to a stronger faith and a deeper love.

Together, we will reach out to thousands of people in at least five local areas with the Good News of God’s saving mercy and grace in Christ as we help people through challenges in life. We will see lives transformed from the emptiness of the world to being filled with the truth of God’s Word. We will see individuals changed from existing alone in the stress of the times to resting in the serenity found in Christ and the encouragement of God’s people. We will no longer be content with only the comforts of life but become people who are inspired, intentionally living the faith that brings meaning and significance in our lives.

Therefore, we seek to become prayerful people who are marked by courageous faith who live and share God’s truth and love in our personal and congregational spheres of influence.
